THE GINA SPENCE
PROGRAM

THE GINA SPENCE PROGRAM

Charity #856

*"Serving the Vulnerable,
Transforming Lives, and
Strengthening Our Community"*

Established Since 1991 – Over
30 Years of Experience

Discover What GSP Has to Offer

Our mission is to bridge critical gaps in grief and loss support within our community by fostering resilience, healing, and hope.

Our Clinical Services

Champions Program

The GSP Champions Program provides children who have lost a parent due to gun and gang related homicide the tools and resources they need to address their symptoms of grief, loss, and trauma. GSP is the only entity in Bermuda that critically responds to, provides support to, and tracks the progress of this specific demographic within our community life long.

Our goal is to provide critical as well as therapeutic services to our Champions so that they grow into healthy, functioning adults who are healed from trauma not hurt by it.

Healing Hearts Program

The Gina Spence Program Healing Hearts Program was established in October of 2023 to bridge a critical gap in grief and loss services within our community. The program offers affordable and accessible counseling to individuals, families, professional, and community organizations demonstrating our comprehensive approach to community well-being and empowerment. There are over 40 different types of losses that one can experience in their lifetime including death, terminal illness, road fatalities, divorce, job loss, and retirement. GSP provides specialized support for any type of loss

GriefConnect

Navigating grief is tough, but no one should do it alone. Grief Connect is purposed to foster greater empathy around grief and loss and cultivate a more compassionate and informed community through presentations and workshops. Our goal is to increase community awareness of grief & loss symptoms & support.

Our Community Outreach

Back to School Event (EORO)

Our goal is to provide critical as well as therapeutic services to our Champions so that they grow into healthy, functioning adults who are healed from trauma not hurt by it.

Christmas Gift of Giving (CGOG)

Our goal is to provide critical as well as therapeutic services to our Champions so that they grow into healthy, functioning adults who are healed from trauma not hurt by it.

BGLAD

BGLAD is observed on the first Friday of March to highlight the impact of grief and promote healing.

The first event was held on March 7, 2025, at City Hall, featuring an official proclamation by the Premier of Bermuda.

Part of our commitment to community wellness, BGLAD ensures no one grieves alone.
